

## BIMB DANA AL-FAKHIM

### FUND MANAGER'S REVIEW

The Fund's performance for the month was 0.21% thereby outperforming its benchmark return of 0.13% by 0.08%.

The money market rate for overnight is 1.55% per annum while the 1-month rate is between 1.75% to 1.80% per annum. The 3-month to 12-month rates are between 1.85% to 2.05% per annum.

On a YTD basis, BNM has slashed the OPR from 3.00% in January 2020 to a fresh low of 1.75% following the 25bps OPR cut during July MPC meeting as an effort to support domestic growth after being depressed by pandemic crisis. Globally, US Fed continues to resonate a dovish tone during the July FOMC meeting while commit to using a full range of monetary policy tools to bolster economic growth amid soft economic outlook in view of the prospect of resurgence of coronavirus infections.

As the Fund's focus is on capital preservation and liquidity, we will continue to invest in money market placements and extend the placement duration for yield enhancement.
