KEY RISKS

6. What are the key risks associated with this product?

You are exposed to the following risks:

- a. **Stock Specific Risk** – Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund’s NAV.

- b. **Liquidity Risk** – Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavorable prices.
- c. **Country Risk** – Investments of the Fund in any countries may be affected by changes in the country's economic, social and political stability, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the net asset value of the Fund or prices of units to fall.
- d. **Currency Risk** – As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

i. Currency risk at the Fund's portfolio level

The impact of the exchange rate movement between the Base Currency and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the Base Currency; and

ii. Currency risk at the class level

The impact of the exchange rate movement between the Base Currency and the currency of the respective classes may result in a depreciation of the investor's holdings as expressed in the Base Currency.

- e. **Political Risk** – Political instability that arises from disruption of economic activity and social unrest may directly or indirectly impact the Fund's investment in a particular country. A change in government or government policies with regards to its capital market regulations may effect a Fund's financial position, possibly causing a Fund to liquidate its position at a less ideal price or below investment cost. Government policies may not have the same approach in perpetuity.
- f. **Regulatory Risk** – The Fund's investments are exposed to laws and regulations in the respective countries they invested in. Regulatory changes in these countries may pose a risk to the Fund as it may materially impact the Fund's investments. The Manager will continuously keep abreast with the regulatory developments in each respective country in mitigating such risk.
- g. **Tactical Asset Allocation Risk** – The Fund may execute a tactical asset allocation strategy by shifting asset classes in between equity and cash depending on the prevailing market conditions. The Manager's investment decision may adversely affect the Fund's performance given the assessment of the Manager are not in-line with the respective market performance.
- h. **Warrant Risk** – The Fund may hold warrants derived from corporate action and the value of warrants is influenced by the current market price of the underlying security, the exercise price of the warrant, the time to expiration of the warrant and the estimate of the future volatility of the underlying securities price over the life of the warrant. Particularly, risk factor related to warrants encompasses value decay over time as the warrant approaches its due date especially in the event that the warrants are held and not exercised.

- xii. other related Fund's administrative expenses as permitted by the Deed.

Note:

Any administrative expenses are applicable to all Classes of Units based on the multi-class ratio.

The above fees and charges are exclusive of government tax or any other similar sales tax or levy which will be payable by the Unit Holders.

VALUATIONS AND EXITING FROM INVESTMENT

8. How often are valuations available?

Valuation of the Fund is carried out at the end of each Business Day. As forward pricing method is used for this Fund, any request received on or before cut-off time i.e.: 4.00p.m. (Malaysia time) on any Business Day, will be processed based on the NAV per Unit at the end of that Business Day which will be computed on T+1.

All foreign assets will be translated into the Base Currency and any currency translation involved for NAV computation will be based on bid exchange rate quoted by Bloomberg/Reuters at 4.00 p.m. (United Kingdom time) which is equivalent to 11 p.m. or 12 a.m. midnight (Malaysia time) on the same day, or such time stipulated in the investment management standards issued by FIMM.

Unit Holders will be able to obtain information pertaining to the Fund from BIMB Invest's website on <http://www.bimbinvestment.com.my>. Unit Holders will be able to obtain information of the Fund's unit pricing from online publication of major newspapers in Malaysia or Unit Holder may log on to <http://www.bimbinvestment.com.my>.

9. How can I exit from this investment and what are the risks and costs involved?

- You can exit from the Fund by redeeming your investments in the Fund at any point in time by simply completing the redemption application form and returning it to the relevant authorised distributors/authorised consultants or direct to BIMB Investment Management Berhad.
- The cut off time for a redemption transaction is 4.00 p.m. on a Business Day. Any redemption application received after the cut off time will be considered as received on the next Business Day. Such redemption requests are deemed received and shall be irrevocable if all documents and forms received by the Manager are duly and correctly completed.
- If you have made an investment and later decide that this investment does not meet your investment needs, you may withdraw your investment within six (6) Business Days from the date your investment application is accepted by the Manager.
- You will be refunded for every unit held based on the NAV per Unit on the day the Units were purchased and sales charge (if any) within 10 days from the receipt of the cooling-off application.
