<p>Shariah Principles Applicable</p>	<ol style="list-style-type: none"> 1. Investor appoints the Manager to undertake the investment activities on their behalf under the Shariah contract of “<i>Wakalah Bil Istithmar</i>” or Agency for Investment. 2. The Manager is appointed to undertake the investment activities on behalf of the investor for a fee (“<i>Ujrah</i>”). 3. The Trustee is the independent party to safeguard the investor’s assets of the Fund and ensure the Manager acts in accordance with the Deed and SC Guidelines.
<p>Investment Policies & Strategies</p>	<p>The Fund will be investing in a minimum of 90% of the Fund’s NAV into the Target Fund and a maximum of 10% of the Fund’s NAV into Islamic liquid assets including Islamic deposits and Islamic money market instruments. Accordingly, the Fund will have a passive strategy as all the investment decisions will be made at the Target Fund level.</p> <p>The Fund will not adopt any temporary defensive strategy during adverse market condition as the Fund adopts a passive strategy of investing a minimum of 90% of the Fund’s NAV into the Target Fund at all times. This strategy allows the Fund to mirror the performance of the Target Fund but may result in the Fund being exposed to the risk of its NAV declining when the Target Fund’s net asset value declines.</p> <p>The Manager may substitute the Target Fund with another ESG fund that has similar objective with the Fund and the said ESG fund must meet the requirements of the Guidelines on Sustainable and Responsible Investment Funds. However, a replacement of the Target Fund would require Unit Holders’ approval.</p> <p>The Manager may use Islamic derivatives instruments such as Islamic options, Islamic future contracts, Islamic forward contracts and Islamic currency swaps for the purpose of hedging. In the event of a downgrade in the rating of a counterparty of an over-the-counter Islamic derivative, the Manager reserve the right to deal with the over-counter Islamic derivative in the best interest of the Unit Holders.</p> <p>Arabesque’s S-Ray® and Shariah Screening Methodology</p> <p>The Target Fund leverages S-Ray® data and the Standards of the Accounting and Auditing Organization for Islamic Financial Institutions (“AAOIFI Standards”) to construct its Investment Universe.</p> <p><i>S-Ray Screening:</i></p> <p>S-Ray® is a proprietary tool of Arabesque S-Ray that measures the sustainability of global equities worldwide. S-Ray® evaluates all global stocks which have successfully passed the liquidity screening step of the investment process of the Target Fund based on the:</p> <ul style="list-style-type: none"> • GC score: The GC score constitutes an assessment of each company based on the four core principles of the United Nations Global Compact (UNGC). • ESG score: Stocks which have successfully passed the GC score screening step are evaluated based on their ESG score. The ESG score analyses corporate performance based on sector-specific financially material environmental, social and governance (ESG) criteria. • Preferences Filter: Stocks which have successfully passed the ESG Score screening step are evaluated based on their business involvement. <p><i>Shariah Screening:</i></p> <p>All global stocks which have successfully passed the S-Ray® screening step of the Investment Universe construction are assessed to eliminate stocks which do</p>

5. What are the possible outcomes of my investment?

The investor may gain from the appreciation of unit price as a result of the increase in value of the underlying and/or accrual of profit earned.

However, investment involves risk. The value of the Fund and its distribution (if any) may rise or fall. These risk factors, among others, may cause you to lose part or all of your investment.

KEY RISKS

6. What are the key risks associated with this product?

General Risks of Investing in the Fund

- **Market Risk**

This risk arises due to fluctuations in market value of investments. Such fluctuations occur because of factors that affect the entire market. Market risk cannot be eliminated by diversification. It stems from the fact that there are economy-wide perils which threaten all businesses. Hence investors will be exposed to market uncertainties, and no matter how many equities are held, fluctuations in the economy, political and social environment will affect the market price of the investments.

- **Financing Risk**

This risk occurs when the investor obtains financing provided by any financial institution to finance the purchase of the Fund. The financial institution may require additional collateral (when Units are used as collaterals) should the price of Units falls which the investor may be unable to provide. In addition, the investor may not be able to fulfill certain repayment obligations due to unforeseen circumstances.

Other financing risk factors to consider include:

- a. the higher the margin of financing, the greater the potential for losses as well as gains; and
- b. if the financing taken is a variable profit rate financing and profit rates rise, the total repayment amount will increase.

- **Manager Risk**

This risk refers to the day-to-day management of the Fund by the Manager which will impact the performance of the Fund. For example, investment decisions undertaken by the Manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant guidelines due to factors such as human error, fraud or weaknesses in operational process and systems, may adversely affect the performance of the Fund.

- **Risk of Non-Compliance**

This is a risk where the Fund may be mismanaged due to the Manager's non-compliance with the provisions set out in the Deed or this Prospectus or the laws/guidelines governing the Fund or the Manager's own internal procedures or where the employee of the Manager acts fraudulently or dishonestly in managing the Fund. This may also occur when the Manager does not adhere to the investment mandate of the Fund. To mitigate this risk, the Manager will manage the Fund with strict adherence to the Fund's investment objective, policies and strategies as stated in this Prospectus and the Deed. The compliance team of the Manager oversees the entire compliance matters, including monitoring of adherence to any non-compliance with regulations, guidelines and internal controls.

- **Shariah Non-Compliance Risk**

This is a risk that the Fund may hold investments which are not Shariah-compliant by error or the administration and operation of the Fund are not in line with Shariah rules and principles. If this occurs, there is a possibility that the Unit price of the Fund may be adversely affected due to rectification required.

Specific Risks Associated with Investing in the Fund

- **Concentration Risk**

This Fund is a feeder fund which invests in a Target Fund. Any adverse effect on the Target Fund will inevitably affect the Fund. The Fund's performance is also dependent on the performance of the Target Fund. This risk may be mitigated as the Manager is able to substitute the Target Fund with another ESG fund that has similar objective with the Fund and the said ESG fund must meet the requirements of the Guidelines on Sustainable and Responsible Investment Funds. However, a replacement of the Target Fund would require Unit Holders' approval.

- **Liquidity Risk**

Liquidity risk is the risk that the units of the Target Fund cannot be readily sold and converted into cash. This can occur when there is a restriction on realization of units of the Target Fund. In order to mitigate this risk, the Manager will maintain a sufficient liquidity level for the purposes of meeting redemption requests.

- **Country Risk**

Investments of the Fund (i.e. the Target Fund, which is domiciled in Luxembourg) may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of Luxembourg. These factors may have a negative impact on the Fund and consequently adversely affect the Fund's NAV.

- **Currency Risk**

As the Fund invests in foreign investments (i.e. the Target Fund which is denominated in foreign currency), the Fund would be exposed to currency risk. This is the risk associated with investments that are denominated in currencies that are different from the Base Currency. When the currency of foreign investments depreciates against the Base Currency, the Fund will suffer currency losses. This is in addition to any capital gains and/or losses from the investment.

For the RM Hedged Class, the Fund will be investing in the Target Fund which is denominated in USD, however investors in the RM Hedged Class will be subject to lower currency risk at the Fund level as the Manager will mitigate this risk by hedging the foreign currency exposure. Investors should note that by employing this hedging, investors would not be able to enjoy the additional currency gains when USD moves favorably against the RM. Additional transaction cost of hedging will also be borne by investors in the RM Hedged Class.

- **Target Fund Manager Risk**

As a feeder fund, the Fund invests in the Target Fund which is managed by the Target Fund Manager. The Target Fund Manager has absolute discretion over the Target Fund's investment technique and knowledge, operational controls and management. In the event of any mismanagement of the Target Fund or the Management Company of the Target Fund, the NAV of the Fund, which invests substantially all of its assets into the Target Fund, would be affected adversely. In the event if such a situation arises, the Manager reserves the right to substitute the Target Fund with another ESG fund that has similar objective with the Fund and the said ESG fund must meet the requirements of the Guidelines on Sustainable and Responsible Investment Funds. However, a replacement of the Target Fund would require Unit Holders' approval. To mitigate this risk, the Manager will review and monitor the Target Fund to comply with the Guidelines and Guidelines on Sustainable and Responsible Investment Funds.

Investors are reminded that the above list of risks may not be exhaustive and if necessary, investors should consult their adviser(s), e.g. bankers, lawyers, stockbrokers for a better understanding of the risks.

Note: Please refer to the Fund's Prospectus for further details of each risk.

It is important to note that events affecting the investments cannot always be foreseen. Therefore, it is not possible to protect investments against all risks. You are advised to read the Fund's Prospectus to assess the risks associated with the Fund. Please consult your professional advisers(s) for a better understanding of the risks, if necessary.

If your investments are made through the distributor (i.e. the institutional unit trust adviser ("IUTA") via a nominee system of ownership), you would not be deemed to be a unit holder under the Deed and as a result, may not exercise all the rights ordinarily conferred to a unit holder (e.g. the right to call for unit holders' meetings and the right to vote at a unit holders' meeting).

VALUATIONS AND EXITING FROM INVESTMENT

9. How often are valuations available?

Valuation of the Fund is carried out at the end of each Business Day. As forward pricing method is used for this Fund, any request received on or before 4.00p.m. on any Business Day, will be processed based on the NAV per Unit at the end of that Business Day which will be computed on T+1.

All foreign assets will be translated into the Base Currency and any currency translation involved for NAV computation will be based on bid exchange rate quoted by Bloomberg/Reuters at 4.00 p.m. (United Kingdom time) which is equivalent to 11 p.m. or 12 a.m. midnight (Malaysia time) on the same day, or such time stipulated in the investment management standards issued by Federation of Investment Managers Malaysia (FIMM).

You may obtain the daily NAV per unit of the Fund from BIMB Investment's website at www.bimbinvestment.com.my. Alternatively you may contact our customer service via toll free number 1-800-88-1196 or email to marketing.bimbinvest@bankislam.com.my for any assistance.

10. How can I exit from this investment and what are the risks and costs involved?

- You can exit from the Fund by redeeming your investments in the Fund at any point in time by completing the redemption application form and returning it to the relevant authorised distributors/authorised consultants or direct to BIMB Investment Management Berhad.
- Minimum units that can be redeemed are 100 Units (for all Classes). The cut off time for a repurchase transaction is 4.00 p.m. on a Business Day. Any repurchase application received after the cut off time will be considered as received on the next Business Day. Such repurchase requests are deemed received and shall be irrevocable if all documents and forms received by the Manager are duly and correctly completed.
- Redemption payment will be made to you within 10 days (for RM Class Unit Holders) and 14 days (for Unit Holders of a Class other than RM Class) from the day the redemption request is received by us and provided that all documentations are completed and verifiable.
